

FiscalExpress

Electronic Filing:

Facilitates the electronic submission of financial documents and reports to the Kentucky Department for Local Government (DLG), including budgets and financial statements.

FiscalExpress is designed to simplify the electronic filing process for Kentucky municipalities, enhancing efficiency and ensuring compliance with state reporting requirements.

Key Features

Automated Reporting

Streamlines the process of generating and filing required reports with automated features to ensure compliance with state regulations.

User-Friendly Interface

Provides an intuitive interface for easy navigation and data entry, helping users to efficiently manage their electronic filing tasks.

Secure Data Transmission

Ensures the secure transmission of financial data, protecting sensitive information during the filing process.

Error Checking

Includes tools for checking data accuracy before submission to minimize errors and ensure compliance with reporting requirements.

Integration with Fiscalsoft Products

Integrates seamlessly with other Fiscalsoft software solutions, such as FiscalBooks, for a cohesive financial management experience.
